UKRAINIAN  
LOGISTIC  
ALLIANCE

Is an independent platform that facilitates cooperation between national and international companies to effectively expand the system of intermodal transport and coordinate integration efforts with the Trans-European Transport Network (TEN-T) and international transport corridors.

Today, the Ukrainian Logistics Alliance is the voice of logistics, which helps to establish communication between forwarders and cargo owners, building a space of trust between business, science and government for joint problem solving.

Thank you for your attention!

We are waiting for cooperation!
